WIDE LOW PROFILE PALLET TRUCK

AClow51B is a low profile pallet truck, with across forks dimensions of 685mm, wider than standard.

Low profile pallet trucks are useful for gaining access to pallets and containers that have smaller clearance than normal.

Minimum fork height is just 51mm, whilst the raised height is upto a maximum of 165mm.

Dimensions across the forks are 685x1220mm, with each fork measuring 160x37mm.

This wide design of low profile pallet truck has a capacity of 1500kg and as standard has the quieter PU rollers on the front and rear.
