

Semi electric high lifter.

Ideal for loading and unloading transit vans and for lifting cages and pallets to a safe working height.

800kg capacity

This well designed pallet truck gives numerous possibilities and makes this unit very suitable as a pallet truck/scissor lift table.

Truck automatically slows the descending speed when heavy goods are loaded to help prevent cargo damage.

210 degree turning radius.

The electric lift reduces physical effort and considerably improve the ergonomic conditions at work stations by raising the trucks to the desired height.

fixed fork stabilizers ensure good stability.

Charger included.

EHS 0809/EHS-T 0809		
Capacity	kg	800
Length	mm	1690
Width	mm	730
Height	mm	1420
Length of the forks	mm	1140
Width of the fork	mm	150
Min. height over the floor	mm	87
Forks width	mm	540
Spacing between the forks	mm	240
Truck weight	kg	271
Lifting height	mm	900
Bearing surface of the forks	mm	1140x540
Forks tilting angle	°	20
Lifting speed without load	mm	≥0.07
Lifting speed with load	mm	≥0.05
Lowering speed with a load		controllable
Clearance above floor	mm	30
Traction Accu. battery		2x12V/60Ah
Electro hydraulic aggregate		12V,700W
