ACBF25-450x900 Mini Pallet Truck

Based around our best selling truck, but with a smaller frame, a mini pallet truck is more suitable for more unconventional loads, such as for the printing industry.

A reliable hand pallet truck which has a 2500kg capacity and features a top quality hydraulic pump unit.

Reliable, sturdy, torsion-resistant due to its extremely strong high quality steel profile and German Wagner standard painting system, ensuring the best powder coating and painting quality.

All pivot points are greased to ensure excellent manoeuvrability with effortless steering.

Chromed bearing bushes and joints ensure quiet running properties and a particularly long service life.

Supplied as standard with double PU rollers. Double rollers help spread the load, making manoeuvring larger loads easier.

3 position handle

450x900mm forks - ideal for narrow or shorter pallets.

Fork widths of 160mm, leaving a gap between forks of 130mm
