

CN3500B/BF3500B HEAVY DUTY PALLET TRUCK

WIDE DESIGN WITH 3500KG CAPACITY

This version of 3500kg heavy duty pallet truck has the wider across fork dimensions. With a width across the fork of 685mm, it offers more support to prevent pallet arcing on heavy loads for the larger Blue GKN/CHEP pallets (100x120cm / 120x120cm).

Supplied with double PU load rollers and PU steering wheels, which are more quieter and more forgiving on painted warehouse floor surfaces. This pallet truck also has a 3 position lever, which allows you to control and slow down the lowering of the pallet.

Model	CN3500-685X1150
